List Rallies From Bear At- Oats Sag on the Chicago tack and Slight Gains Are Recorded.

Are Recorded.

Note—all market news on this page reflects desting sale prices (unless buy or bid be specified) Saturday. Dec. 13. The stock market closed firm. Bear traders again took charge of the market today after an early improvement had given stocks an appearance of firmness. Spread of unsatisfactory conditions in mercantife lines threatened the confidence with which professional traders attacked the market, Indications that stocks were being put out on all rallies reduced buying largely to short covering. After a new low aver, age of prices had been reached the and covering. After a new low aver, age of prices had been reached the list grew stronger in response to week and covering. Losses were made up and eventually many stocks were ast-vanced fractionally above yesterday's close, some factionally above yesterday's close, some beavy.

Are Also Weak,

Chicago, Ill., Dec. 13.—Wheat prices had because of a forecast that world shipments would be light. The open-ling prices varied from %c lower to a like advance, but later the market made an upturn all around. Closing figures were steady at %c lower to \$4. higher than last night. Increased receipts led to only transitent weakening in corn. After start-ing unchanged to \$6. lower, prices raised treceipts led to only transitent weakening in corn. After start-ing unchanged to \$6. lower, prices raised from \$6. lower, but higher than last night. The open-ling prices varied from \$6. lower to a like advance, but later the market made an upturn all around. Closing figures were steady at \$6. lower to \$6. higher than last night. The open-ling prices varied from \$6. lower to a like advance, but later the market made an upturn all around. Closing figures were steady at \$6. lower to \$6. higher than last night to \$6. lower, prices that world shipments would be light. The open-ling prices varied from \$6. lower to a like advance, but later the market made an upturn all around. Closing figures were steady at \$6. lower to \$6.
